AMERICAN MADE. SETTING THE NEW STANDARD.

Our Model 2073 is built the way Spikes Tactical builds everything, with precision and zero compromise. The classic lever-action platform, refined with modern enhancements and backed by a legacy forged through years of producing firearms that perform when it counts.

SHORT THROW
OVERSIZED LEVER

FRAME SAFETY
AND TRADITIONAL
HALF-COCK HAMMER

THE CLASSIC, MODERNIZED.

The Model 2073 is the lever-action re imagined from the inside out. A redesigned bolt housing dual AR-15/M16 style ejectors sets a new standard for reliability in the platform. Side ejection keeps your sight picture clear, and a flared loading gate means faster, more consistent reloads. These are just a few of the innovations that make the Model 2073 the standout choice on the market. Proven design meets modern precision.

FEATURES

Receiver, stock and handguard are CNC machined from billet aluminum.

Semi-Adjustable stock with a Limbsaver butt pad.

Threaded barrel, with factory-installed muzzlebreak, has a 1/2 x 28 thread pitch to accommodate for a variety of suppressors and or other barrel accessories.

Machined picatinny on the receiver and rail provides a solid mounting surface for scope rings and a variety of modern optics.

Completely redesign action with side ejection and flared loading port for ease of use.

8 Round capacity (Rifle) and 6 Round capacity (SBR), tubular magazine with a brass carrier block.

Cheek riser has minimal spacer capability.

Frame safety and traditional half-cock hammer.

Reliably feeds a wide range of .357 and .38 factory ammunition and bullet types.

Dual AR-15/M16 style ejectors on bolt aids on smooth and predictable ejection patterns.

Short throw oversized lever provides clearance for operation with heavy gloves.

M-Lock spots along the bottom and sides of the rail to accommodate for variety of modern mounting solutions.

ABOUT US

Spikes Tactical is a family owned, American manufacturer based in Apopka, Florida, specializing in premium AR-15 platform rifles, uppers, lowers, barrels, and tactical accessories.

Our mission is straightforward: deliver uncompromising reliability and performance at the best possible value. Every Spikes Tactical firearm is engineered to meet or exceed military specifications, ensuring they perform flawlessly for civilian enthusiasts, competitive shooters, law enforcement, and military professionals alike. We stand behind our products with a lifetime warranty because we only build what we would trust with our own lives.

Purpose built. Reliable. American.
